"St Marks is a charity I hold dear to my heart as St Mark's Hospital have treated my Dad, Grandad and Aunt for bowel cancer. I have seen the progress that vital research can do to help prevent and treat bowel cancer. Raising money for this research helps treatment evolve and members of my family are living proof of this".

Congratulations to Keira who completed the Ultra Challenge of walking 25k along the Jurassic Coast for St Mark's. Thank you to Keira and everyone who donated in support.
